SMPTE 2015 PREVIEW

4 days and counting!

We're looking forward to seeing many of you next week at SMPTE 2015 where we're exhibiting at **Booth B-21** under our new name of **Sonifex**. This follows on from our change of ownership a year ago and SMPTE will mark the start of our official rebranding. To celebrate we invite you to join us for a cocktail reception from **4pm to 6pm on Wednesday 15th July**.

Innes Corp has had a long history with SMPTE and the tradition will continue as Sonifex. **Booth B-21** will be buzzing with loads of great products on display from leading supplier manufacturers including Nautel, Orban, Tieline, Davicom, Kintronic Labs, Inovonics, Altronic Research and of course SONIFEX! Also featured will be precision RF test and measurement equipment from Belar and Potomac Instruments.

This year we're delighted to host manufacturer reps from Nautel, Tieline and Sonifex so please let us know if you'd like to schedule a dedicated meeting or product demonstration. Show times of 10am to 6pm (Tues to Thurs) and 10am to 3pm (Friday).

Safe travels to those making the long haul trip to Sydney and we look forward to seeing you next week!

Karen Olliver

General Manager

NAUTEL at SMPTE

We are very excited to announce the first Nautel GV5 FM Transmitter in Australia on display at SMPTE. Pre-sold to the ACE Radio Network, the transmitter features Nautel's field-proven, high powered architecture and award winning control and metering systems. For a personal demo with Nautel's Asia Pacific Sales Manager, John Abdnour call in and see us at BOOTH B-21
